Provider Profile

Information provided by the provider describing their agency:

GIL Foundation, Inc. History & Philosophy

"Grounded In Love" (GIL) Foundation, Incorporated is a nonprofit organization providing comprehensive services to community residents with special needs in Connecticut. Our mission began in 1985 as a seasonal respite program to individuals and families in difficult circumstances. In 1987, the organization developed into a full service, twenty-four (24) hour residential care provider in response to the widespread design to blend special needs individuals into the community.

GIL is committed to providing the highest quality of services to the residents of our programs while ensuring that their rights are protected. We continue to work diligently toward affording the individuals being served an appropriate amount of care and support to meet all their daily needs while also providing a wide variety of opportunities and choices in an effort to encourage personal expression. We are committed to providing services and supports that are culturally competent, valuing diversity in every setting. GIL realizes that in order to embrace our purpose in serving the individuals of our community residential programs, everyone must work together as a team, determined to look out for the interests of others. Our cooperative mission therefore, is to strive for excellence, offering the recipient of our service the most pleasant environment possible, while providing for the opportunities and challenges necessary to enrich their lives to the fullest.
